# Side Navigation

The Provider Application allows for non-linear, dynamic navigation through the Main Navigation located in the sidebar. The sidebar is displayed by default when the app is viewed on display devices with a horizontal resolution 1280px or higher. The sidebar can be collapsed by clicking the 'X' icon.

When viewed on display devices with a horizontal resolution of 1279px or smaller, the sidebar is collapsed by default and can be expanded when the user clicks or taps the menu icon. When collapsed by default, expanding the sidebar pushes the main content area off canvas (See Page 75-76).
